

## *Covenant Woods Next Steps*

### *To fully understand Covenant Woods, do a little homework.*

In addition to talking with one of our Lifestyle Counselors, here are some steps that can help you get to know Covenant Woods even better and make the right retirement living decision. Don't worry about the "work" part of this homework. It could easily lead you to truly rewarding retirement living.

- Do some shopping at other accredited Life Care CCRCs in central Virginia so you'll be able to compare apples to apples.
- Visit [www.carf.org](http://www.carf.org) and see what accreditation by the national CARF organization is all about.
- See Covenant Woods in its full dimension by making several visits—there's too much to explore in a single visit.
- Come and dine at Covenant Woods. Try all four dining venues if you like.
- See our current calendar for a cultural event or live performance you'd like to attend.
- Talk to current residents. We can arrange a chat or you can just enjoy some casual conversation if you're here for a tour, event or dining.
- Stay overnight in accommodations we have for our residents' families and guests.
- Schedule a session with a Lifestyle Counselor to go over all the financial details and contract options that will be so important to your decision.
